Jessica Curran wrote this super story about Autumn.

My trip to Crufts.

Crufts is the "Biggest and Greatest, Dog Show, in the World"! It is named after Charles Cruft, who was a manager of a Dog Biscuit Company, who organised the first ever International Dog Show, which was held in London in 1891. It is now held in Birmingham, England, at the National Exhibition Centre (NEC) every year in March.

We had to leave our house at 4am to catch our flight to Birmingham at 6.30am. We arrived at the N.E.C., at 8.30am. It is a huge exhibition centre covering 25 acres! There are 5 large halls, with 35 show rings, where different breeds of dogs are shown, over 4 days. There were 22,000 dogs of all shapes, size and colour, from all over the world! They compete for the "Best in Show Trophy" which is held on the very last night of the show. We enjoyed displays by the Young Dog Handlers in Agility, Flyball, and Heel Work to Music. There were grooming demonstrations, Obedience and Ring Craft Demonstrations also. I enjoyed the discover Dogs Section. This is where you get the opportunity to meet over 200 different breeds of pedigree dogs and their breeders, who own and live with them.

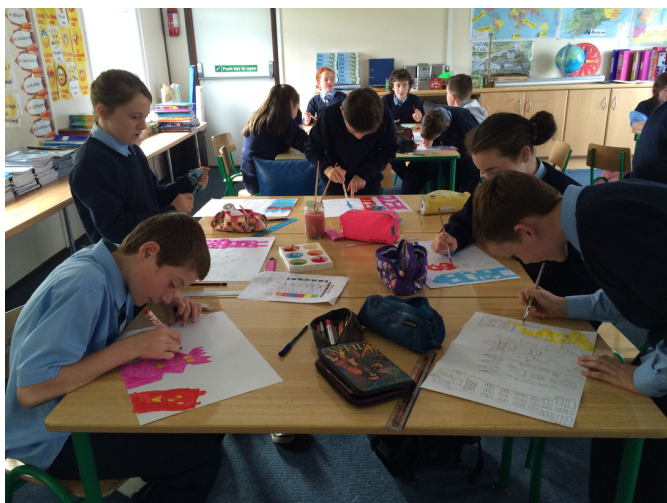

There are over 400 trade stands, with everything to buy for your dogs. So there is plenty for everyone to see and do at Crufts. We arrived home, with lots of treats for our family dogs, Rex and Dearg.
